TRANSMITTAL OF DRAWING CORRECTION

Commissioner for Patents
Washington, DC 20231

Dear Sir:

Submitted herewith is one set (one sheet, three figures) of corrected drawings for filing in the above-identified patent application.

The Examiner objected to the drawings because element 15 is shown inside element 12 (rather than a coating or film). The proposed new drawings show element 15 on element 12. However, the Examiner's attention is directed to the fact that the changes are in BLACK rather than the RED. No new subject matter is believed to be added by the proposed new drawings.

Favorable consideration of the enclosed drawings is respectfully requested.

Dated: August 1, 2002

Respectfully submitted,
MCKENNA LONG & ALDRIDGE LLP
